Saves A Woman's Life.

To have given up would have
meant death for Mrs. Lois Cragg,
of Dorchester, Mass. For years she
had endured untold misery from a
severe lung trouble and obstinate
cough. "Often", she writes, "I
could scarcely breathe and sometimes
could not speak. All doctors and remedies failed till I used
Dr King's New Discovery for Con-
sumption and was completely cured."
Sufferers from Coughs, Colds,
Throat and Lung Trouble need this
grand remedy, for it never disappoints.

Killed in Jackson.

Monday afternoon James Cockrell,
town marshal of Jackson, was
shot on the streets of that town
from the court house. Five bul-
lets pierced his body in various
places. He was taken to a Lex-
ington hospital where he died
twelve hours later. More trouble
with the factions is daily expect-
ed. The original trouble was
started when Tom Cockrell killed
Ben Hargis some months ago.
The night following the shooting
of Cockrell Sam Jett's whisky
establishment was burned sup-
posedly by incendiaries.

It would be very well for the
preachers to warn their congrega-
tions that neither gold or silver
can be depended upon as a safe
basis of final redemption.

HOPKINS WINS.

Nominated for Congress on the Third Ballot.
White, Who Led in Instructed votes,
Withdrew Before the Bal-
loting Begun.

The Democratic convention
completed its labors at West Liberty
Thursday in short order. At one o'clock the delegates were
called together in the court house.
This was found too small to hard-
ly accommodate the delegation,
and the convention repaired to the
yard. Hopkins succeeded in orga-
nizing the convention by electing
Finley E. Fogg, of West Liberty,
chairman and John Gardner,
of Salyersville, secretary. Hon.
John D. Atkinson, of Powell
County, made a strong plea for
the comfortable seating of at least
the delegates in the court house,
but the majority seemed to prefer
the confusion of the crying of
lemonade venders and the call
for witnesses by Squire J. H. Cole,
and his worthy plea failed in its
aim. The chair next appointed
a committee on credentials and
one on resolutions. While these
committees were making out their
reports, J. Willard Mitchell, can-
didate for Attorney General, spoke
to the people in his interest. Next
came H. V. McChesney, the pres-
ent Superintendent of Public In-
struction, and who is now a can-
didate for Secretary of State.

and we are quite sure if the people
take with him all over the
State as they did here, he will get
what he is asking for. The com-
mittee on credentials reported no
contests in the delegations and
all were then seated or "stand-
ed", for there were no seats on
the ground save the one provided
for the chair. The committee on
resolutions reported. These res-
olutions indorsed the Beckam
administration, the wise and hon-
orable course of our present Con-
gressman J. B. White, and reaffirmed
allegiance to the time-
honored democratic principles.
C. B. Hill, of Winchester, offered
a resolution indorsing a State
primary election to select candi-
dates for the various State offices
to be voted for next year. While
Mr. Hill's view of the question
was just what the convention
should have done, it was voted
down, but not until Mr. Mitchell,
candidate for Attorney General,
had consumed all the time allowed
to debate the question, in argu-
ment against the measure. By
all means Mr. Hill's resolutions
should have been adopted.

The nomination of candidates
was next taken. Mr. C. W. Friend,
of Irvine, ascended the rostrum
and placed the name of our pres-
ent Congressman J. B. White before
the convention. Mr. Friend's
nominating speech of Mr. White
was pronounced by several as being
the best speech made before
the convention. Mr. T. Y. Fitz-
patrick, our former Congressman,
then put F. A. Hopkins' name before
the convention in an excel-
lent speech, while Judge J. C.
Lykins, of Campton, did himself
credit in making the nominating
speech for Judge Amos Davis, of
the County of Morgan. The last,
but not least impressive nomina-

tion. Why? Because the people
"combined" and refused to buy
the products so manipulated—
doubtless this was another offense
against the statue, and thus we
know the statue is foolishness.

If the American would retain
his freedom and healthy political
life, he must live more at home,
cultivate self-dependence and let
the "trusts" know that an at-
tempt to "tax" will be followed
by a "popular revolt." The trust
which by combination can econo-
mize production and give us a bet-
ter or cheaper article, is working
for us all—let that trust live.
The trust which adulterates the
product or elevates the price, can
be brought to book by a boycott
of its goods and no long legisla-
tion is necessary. Let the people
agree through the press and keep
the terms of such defensive obliga-
tions and the bad trusts will
change into good ones without
appeals to courts or complaints to
Congress.

Ben Hudson Jr. was here Thurs-
day.

Judge W. T. Webb attended
the convention at West Liberty
Thursday and remained in Morgan
for a few days, visiting relatives.

The Balance Wheel

Look inside your watch a moment.
The balance wheel is making 18,000
vibrations an hour, if it's in good
condition. If the movement is sluggish,
there's something wrong. It
will move 3,558 miles in a year,
and requires less than one-tenth of a drop
of oil to make it run. But it needs
that little badly. The least degree
of friction on the bearings alters
the motion. Don't take chances. Let
me clean and oil and put your watch
in order for a year. It will pay and
satisfy you.

ANNOUNCEMENTS.

FOR CONGRESS.

We are authorized to announce HON. F. A. HOPKINS, of Floyd county, a candidate for Congress in the 10th Congressional district, subject to the action of the Democratic party.

CIRCUIT CLERK.

We are authorized to announce Mr. W. T. STRINGER, of Clay City, as a candidate for the office of Circuit Clerk of Powell County, subject to the action of the Democratic party.

We are authorized to announce Mr. Morgan R. LYLE, candidate for Circuit Clerk of Powell County, subject to the action of the Democratic primary to be held Dec. 6, 1902.

In this issue appears the formal announcement of Morgan R. Lyle as a candidate for Circuit Clerk of Powell County, of course, subject to the action of the Democratic primary Dec. 6, 1902. Mr. Lyle has held the office of County Clerk, and his official record was in every way satisfactory to the people. His merits are known to all the voters of the county. He is one of the strongest candidates in the field for this office, and it goes without saying that if he receives the nomination, he will receive the support of every Democrat in the county, and will be elected next fall by a large majority.

Chairman Griggs, of the Democratic Campaign Committee, has obtained exporter's prices from five of the two hundred exporting firms of the United States, showing that American wares are sold for less in European markets than at home. In many instances the article costs the consumer abroad less than half of what is asked from the domestic purchaser.

It is to be regretted that the school per capita is reduced this year from \$2.50 to \$2.32. The decrease in the per capita is caused by the increased census and a diminution in the revenue. Superintendent McChesney says that next year, by reason of the war claim, the per capita will be restored to \$2.50.

Three Requisitors.

There are at least three essential requisites for the successful management of business. These are character, capacity and capital. While all these requisites are fundamental, the greatest of them all is character. No man can hope to permanently succeed in life's struggle whose line of action is not based upon the principles of honesty, uprightness and integrity. A business man should be honest with himself, honest with his patrons and honest with his fellow business man.

Many small sins are hatched from the incubator of idleness.

SPOUTSPRING.

Mrs. Miriam Lewis, of Danville, Ind., is visiting relatives on Twin Creek.

It is reported that there is a case of smallpox on Miller's creek this county.

Several from this place are attending the Mt. Sterling street fair this week.

D. A. Wallace, of Irvine, spent Friday night with his cousin, J. F. McKinney.

Misses Wills, of Knowlton, were guests of Miss Bessie Barnett Saturday and Sunday.

Mrs. Polly A. Stuart, of Irvine, visited her daughter, Mrs. John Bennett last week.

Mrs. W. J. Barnett has been in poor health this summer, but is some better at this writing.

Miss Dorsie Stockton began the Kimbrell school last week and opened up with an average attendance.

Dr. J. A. Snowden, of Wade's Mill and his brother, Frank Snowden, of Indiana, were here the latter part of last week.

Mr. and Mrs. J. W. Dawson, of Miller's creek visited the latter's parents, Mr. and Mrs. W. J. Barnett the first of the week.

Miss Tuscaralia White will begin the public school at this place Monday. The school was to have begun last Monday but was procrastinated on account of the school house undergoing repairs.

The school house has been completed and presents a very creditable appearance. It will be painted at once. We are very glad to see it fixed up so well. Of course we would much rather have seen a new one built and a larger one, but this building will do us for a number of years perhaps. In fact it is far better than the most sanguine supposed it could possibly be made.

Lead and Zinc in Clark.

For many years it has been known that the lands lying between Beckerville and Athens on Boone's creek and extending to the Kentucky river were rich in traces of lead ore and other minerals, but not until recently has any attempt been made to develop and find out the possibilities of that section. The Boone's Creek Mining Company, composed of the Messrs. Chenault, of Richmond, and several capitalist of Louisville, was organized and arrangements made to make a thorough test. Six hundred acres of land were leased and various test shafts were tried.

The analysis of the ores obtained were so rich in traces of lead and zinc, with traces of silver that the members of the company were greatly elated and they think that they have one of the most valuable properties of the kind in the state. A large shaft will at once be sunk, a crusher and smelter erected, and the development of the property rushed with a large force.—Winchester Democrat.

Killed by Lightning

While Mrs. D. R. Daniel was standing on the porch at her home on Hardwick's creek Saturday afternoon combing her hair, a bolt of lightning struck the building and killed her instantly. Mr. Daniel was at Stanton attending the mass convention. She was buried at the Daniel burial ground on C. C. Daniel's place Monday.

A woman's popularity is often due to what she forgets to say.

Night after night I walked the floor, for to lie down would have meant sudden death. My condition seemed almost hopeless when I began taking Dr. Miles' Heart Cure, but it helped me from the first. A Great Big Show at Lexington.
The big Roman Carnival to begin at the Lexington Elks Fair, August 11 to 16 inclusive, this year is to be the biggest thing of its kind ever seen in Kentucky. Speaking of the show at Kansas City recently a paper says: "The De Kreko Bros." Roman Carnival and Exposition Company includes some of the best fair attractions now on tour. The most important features of this aggregation are: Bartholomew's trained horses, the Lilliputian horses and ponies, the Roman arena, Lalla Coolah, the man-Venus; the German Garden, the Roman Theater, the Eruption of Mount Pelee, the Electric Theater, the Palace of Mystery, the Twentieth Century Girls, the Ferris wheel and the Meiers Family of expert swimmers. In addition to the foregoing there are gypsy camps, vaudeville acts and other minor attractions without number. There are over two hundred people connected with the company, and taken all in all, the De Kreko Bros' aggregation is by far the best of its kind ever seen here."
